re: sl - rothmans

we just received the patents, which the publicity for the new
sl cigarette brand is based on, for the following countries:

- germany
- austria
- sweden
- switzerland
- canada
- great britain
- france
- netherlands

contrarily to mr. max haeusermann's letter to you of feb. 2, 1977
there is a section in the patent touching the tobacco field.
please advise if you want to receive these patents and for what
countries.

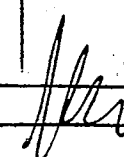

sincerely yours.

f. sulzberger
